

## EMPLOYMENT OPPORTUNITY

### Electricians

Princeton, BC (Copper Mountain Project) – Western Region  
Reference Number: EL-12220-091208

**SMS Equipment Inc.** supplies equipment parts and service to the **construction, forestry and mining** industries and **utility** product users. It was created to provide customers with integrated solutions and to expand our service capabilities as a **nationwide** organization.

Are you interested in working for a very dynamic company where your input, your ideas and your participation is valued? If so, we have an exciting opportunity for you. We are currently seeking **Journeyman Electricians** to join our Princeton – Copper Mountain Project team.

#### The Role:

Reporting to the Project Manager, you will provide electrical support and expertise to some of the largest mobile mining equipment in the world. You will employ logic and deductive reasoning in diagnosing and troubleshooting.

- Support both customers and other trades people in the resolution, component repair/rebuild, as well as haul truck/shovel repair and equipment assembly/repair issues in the effective troubleshooting of downed equipment required to mining equipment
- Installation of new parts and equipment in accordance with generally accepted industry standards as well as site-specific best practices
- Perform component failure analysis to improve the operation of installed parts and equipment
- Able to read and interpret electrical, mechanical, and OEM drawings and electrical code specifications to determine wiring layouts
- Have a strong awareness and attitude towards workplace health and safety in a mining atmosphere
- Motivated and able to work in a challenging environment with minimal supervision
- Other duties as required

#### Qualifications:

- Journeyman Electrician trades ticket
- Requires a thorough knowledge of maintenance and repair of mining equipment acquired through several years of experience
- Ability to examine and re-engineer operations and procedures, formulate policy, and develop and implement new strategies and procedures in a mining atmosphere
- Effective interpersonal skills, including tact and diplomacy with a variety of individuals and groups
- Knowledge of electrical, welding and mechanical trade repairs and maintenance of KMG equipment is considered an asset

*This is a very exciting time to be a part of **SMS Equipment Inc.** We are one of the largest Komatsu dealers in the **world** and believe our continued growth is a result of our highly skilled and engaged employees who deliver **excellence** in the workplace. If you are interested in working for a very dynamic company where your input, your ideas and your participation is valued, apply today. Our growth means **your success**.*
