

EMPLOYMENT OPPORTUNITY

Electronics Technologist

Acheson, AB – Western Region
Reference Number: ET-14620-091208

***SMS Equipment Inc.** supplies equipment parts and service to the **construction, forestry and mining** industries and **utility** product users. It was created to provide customers with integrated solutions and to expand our service capabilities as a **nationwide** organization.*

Are you interested in working for a very dynamic company where your input, your ideas and your participation is valued? If so, we have an exciting opportunity for you. The Acheson Branch has an immediate opening for an Electronics Technologist to join our team.

The Role:

Reporting to the Wheel Motor Shop Foreman, you will maintain, modify and repair components for some of the largest mobile mining equipment in the world.

Qualifications:

As the ideal candidate you possess an Electronic Technologist certification. Prior AC/DC drive experience, industrial control, and motor control experience is required. You will have a strong background in troubleshooting. Dexterity and the ability to pay careful attention to detail are required. Electronic design capability is considered an asset.

*This is a very exciting time to be a part of **SMS Equipment Inc.** We are one of the largest Komatsu dealers in the **world** and believe our continued growth is a result of our highly skilled and engaged employees who deliver **excellence** in the workplace. If you are interested in working for a very dynamic company where your input, your ideas and your participation is valued, apply today. Our growth means **your success**.*
